

## **IPO Financial Network (IPOfn)**

### **Independent Research Provider Profile**

////////////////////////////////////

IPOfn is the leader in the information segment of the Initial Public Offering market. Founded in 1990 by David Menlow, IPOfn is the oldest new issues firm on Wall Street. With international recognition, IPOfn helps its clients with all informational aspects of the IPO and Secondary markets necessary for trading the syndicate calendar.

#### **RESEARCH TYPE**

IPO Research

#### **PERSPECTIVE**

IPOfn is an independent research provider and not bound by the SEC's 40-day quiet period. Additionally, IPOfn does not indicate for IPO's, Secondaries or any other allocations. It has no affiliations with any underwriters and, thus, does not create research conflicts.

#### **SERVICES**

The opening premium reports follow IPOs and Secondaries to be listed on US markets. These reports provide analysis from the SEC filing, until the pricings through a series of 17 individual reports. The PreIPO fundamental reports are an invaluable series of reports that prepare the client with fundamental data, beginning from the moment terms are released for any IPO. The four reports offered, cover areas that seldom get attention by analysts, but have significant impact on the prospects of every IPO.

#### **PRINCIPAL**

David Menlow, has been a part of the investment community since 1977 and is responsible for all the product development within IPOfn He has appeared on all the major financial media television networks throughout the last 20 years.
